For All Sites

If you are registered to make your payment for this account by Electronic Funds Transfer (EFT), you must still file your return timely. You may mail your return in the envelope provided or fax it to 916-327-0859. To register to make payments via EFT, please contact us at 916-322-9534.

GENERAL INFORMATION

The Generator Fee is imposed on each site that generates (produces) hazardous waste of five (5) tons or more in each calendar year. The fee is calculated for each site's generation of waste regardless of the waste's final disposition (for example, recycling or disposal).

Each year a prepayment of the fee is due by August 31, and an annual return for the year must be filed by the last day of February following the end of the reporting period. An annual return must be filed even if you have no additional liability due. Failure to file either the prepayment or annual return may result in the imposition of penalties and interest. Facility operators who pay an annual Facility Fee at a site are not subject to a Generator Fee for the same site.
